

Medicare Money Terms

Deductible:

Payment from an individual that is made before insurance pays their share

Example: The individual had to pay \$650 for the **deductible** before Medicare started to pay their share for any service

Late Enrollment Penalties:

Added cost to monthly premiums for enrolling outside of the appropriate enrollment period. For some special circumstances, Special Late Enrollment Period applies

Example: The increase in the monthly premium for Part D was due to the **late enrollment penalty**

Premium:

Monthly payments from an individual to their health insurance

Example: Each month, the individual paid a **premium** of \$30 to their Medicare Advantage plan

Assignment:

Price that healthcare provider and Medicare have agreed upon for Part A and B services

Example: The physician accepted the **assignment** price from Medicare for their service

Coinsurance:

%

Percentage of the cost that an individual will pay after insurance has paid their share

Example: The **coinsurance** payment amount for the new Medicare Advantage plan differed from the individual's last plan

Copayment:

\$

Fixed amount that an individual will pay after insurance has paid their share

Example: The individual had to pay \$20 for the **copayment** for the doctor's appointment
